

Nothing To Be Added To The Maxwell

YOU will never want to add anything to your Maxwell.
The purchase price includes everything you will ever need or desire for luxurious motoring.

You won't want to disguise the hood or buy a new body or put in another carburetor or ignition system or install electric lights or a self-starter.

You won't want a new radiator or springs or new spark plugs or shock-absorbers or a new top.

You need add nothing for comfort, reliability, beauty, economy or convenience. If it is a Maxwell, your car, your experience and your investment are complete.

That is the way that Maxwells are designed, manufactured and sold.

Question the owners of other motor cars—any other motor cars—and see if they are equally satisfied with their motoring investment.
